

AUTONOMY, CAPACITY AND UNDUE INFLUENCE

Bryan Kemp, Ph.D.
Professor of Medicine and Psychology
Elder Abuse Forensic Center
Program in Geriatrics
University of California, Irvine
School of Medicine

2006

Two lectures-by-phone took place on July 25, 2006 and August 8, 2006 from the Center of Excellence in Elder Abuse and Neglect at University of California, Irvine, School of Medicine, Program in Geriatrics. Professionals from a variety of fields, including judicial, legal, medical, research, and social services communities, comprised the audience. The lectures were accompanied by PowerPoint presentations (sent by mail for Part I and live online for Part II) and followed with an evaluation sent by email.
